Subject: Epi Data Consistency Workshop Organizing Committee meeting

All,

The next conference call meeting of the Epi Workshop organizing committee has been set for **Thursday, October 1 from 2:00 – 3:00 PM Eastern.**

Suggested items for discussion are:

- sponsorship update
 - finalize workshop participant list
 - finalize agenda/break out session topics
 - background information material needs
 - any additional items

I'm attaching the most current version of the list of potential workshop participants (updated by me to reflect changes in personnel situations that I'm aware of), the workshop agenda, and the breakout session topics. I'll be working separately via email to identify a potential workshop date in Spring 2010 that works for everyone's schedule and that we can propose to invited participants.

Dial-in number is (b) (6)

Look forward to talking with you on October 1 @ 2:00 PM Eastern.

Ron
